Export Excellence Award
Medium Scale - India

BIOS Group of Companies ventured into agrochemical industry since 2005 with introduction of its Sulphur Technical factory under Sunrise Agro Industries. Over the years, the group has forayed into various business verticals through Bios Cropcare Pvt. Ltd with inclusion of many new recent off-patent products and their new technology formulations in domestic B2B, B2C, Export to more than 20 countries.

The ethos of Connecting Farmers stretched from local to global farmers community which has made us sustainable. It pushed us always to re-work on our every problem-solving approach and to serve the farming community as a R&D based marketing company with forward integration through formulation developments of new kind in collaboration with our Industry partners. Our three State-of-the-Art Manufacturing Units across India with in-house R&D facilities & quality testing laboratories of international standard made its possible to keep our commitment to Quality Solutions.
